EXPERTISE

Artificial intelligence for optimize computer infrastructure such as computer networks and distributed computing, Deep reinforcement learning/machine learning for classification, clustering and decision making with control engineering. Complex decision making such as agent-based models. Applications: high-performance network and distributed facilities.

EDUCATION

Sheffield University, Sheffield, UK
Ph.D., Computer Science **Jul 2011**
Thesis Topic: *Investigating the co-evolutionary algorithms in Agent-based Models*
Area of Study: Agent-based modelling, Intelligent agents and computational economics
MSc (Eng), Advanced Software Engineering **Sept 2007**
Sheffield Hallam University, Sheffield, UK
PgCert, Learning and Teaching in Higher Education **June 2009**

RESEARCH AND WORK EXPERIENCE

Lawrence Berkeley National Labs – Energy Sciences Network *Research Scientist*
Bradford University – School of Computing Science *Lecturer Software Eng.*
Sheffield University – Computer Science *Post-Doctoral Research Fellow*
Leeds University – School of Computing, *Post-Doctoral Research Fellow*

SYNERGISTIC ACTIVITIES

Fellowship co-chair for N2Women for improving women researchers at Networking Conferences (2018-2020)
Editor for Special Issue at Springer Journal of Machine Learning 2019
Associate Editor, IEEE Networking Letters
Elected member of COMSES Network for OpenABM (agent-based modelling) at Arizona State University.
Developer for FLAME (Agent-based modelling framework) used World-wide in models
DOE ASCR Early Career Award 2017
Royal Society Award for Researcher in Residence at Westminster (UK Parliament) 2016
Fully funded PhD Award 2007-2011
Fretwell-Downing Prize for Best MSc Dissertation in Engineering, 2007
Programme Committee duties at SciPy2018-2019, SC17, ICML workshop 2018
Reviewer for proposals submitted to NSF and EU
Member of British computing society.
Member of ACM.
Member of Women in Engineering Society.
Instigated the ACM-Women professional chapter for UK

FUNDING TRACK RECORD

Title/Scheme	**Funding body**	**Amount**
DOE Early Career Autonomic and deep high performing networks (2017)	DOE ASCR	$2.5 million Early Career Fellowship
Reliability of Sensor Data and Business Cost models for IoT (PI) (2015)	Researcher in Residence Digital Catapult London	£ 25,000 Fellowship
Researchers in Westminster and Parliament Scheme (PI) (2014)	Royal Society London	Placement Fellowship
ACM-W Inspire 2015 event (Chapter President)	ACM-W, Microsoft and Industry sponsors	£ 6000
Researcher Participation SDN workshop with ONUG group (2014)	NSF	$10,000
ICT COST Action IC1406 High-Performance Modelling and Simulation for Big Data Applications (cHiPSet) (Co-I) (2014)	EU Cost Action	10,000 Euros
Business-Aware (Cost and Eco-Efficient) Big Data Management for Energy-usage Data over Cloud resources: A collaborative	Visiting Research Grant, NEMODE (EPSRC)	£ 10,000

project with ESnet at LBNL (2014)		
Find my Migraine (Co-I)	Sheffield Crucible Programme 2014	£10,000
Computer modelling of cancer resistance to chemotherapy (Co-I),	Sheffield Crucible Programme 2014	£10,000
Computer game for early detection of Parkinson's disease (Co-I)	Sheffield Crucible Programme 2014	£10,000

Collaborative ethonography – Online resource pack for postgraduate students (Co-I)	Sheffield Methods Institute	£2000
Investigation Models of Bitcoin and its Risks (PI)	NEMODE (EPSRC) Research Grant	£3000
Smart Citizen Engagement (Co-I)	ESRC	£50,000
Smart City Index (Co-I) (GSMA, Imperial College London, Sheffield University)	NEMODE (EPSRC) Research Grant	£10,000
Market Analysis for Smart City (Co-I) (GSMA, Sheffield University)	GSMA Industry Grant	£20,000
Paper Presented at AAMAS 2010, Toronto, Canada	Royal Academy of Engineering Travel grant	£1000
Fully Funded PhD Scholarship at Sheffield University	Distinction Scheme and EU project EURACE	PhD Scholarship

PROFESSIONAL MEMBERSHIPS AND OTHERS APPOINTMENTS

- Fellow of Higher Education.
- Member of British computing society.
- Member of ACM.
- STEM Ambassador for schools in Yorkshire.
- Member of Women in Engineering Society.
- Instigated the ACM-Women professional chapter for UK – Currently Chair (president)
- Member of Athena Swan representing post-docs and minority issues on the departmental boards at Sheffield.
- Member of ACM Student Bradford Chapter – Faculty sponsor.

AWARDS

- DOE ASCR Early Career Award 2017
- Royal Society Award for Researcher in Residence at Westminster (UK Parliament) 2016
- Fully funded PhD Award 2007-2011
- Fretwell-Downing Prize for Best MSc Dissertation in Engineering, 2007
